

# Isola Stone

Optimyst®

The Dimplex Isola makes a statement in fire. Sitting on a pedestal of white mineral stone is a cool electric fire, producing flames and smoke from water vapour and LED light, stylishly surrounded by a minimalistic glass cover. Surprisingly inspirational and versatile to use: alongside walls or free standing, separating or connecting spaces, single or in pairs, guarding a passage... Easy to use as well, because it only requires electricity and water.

## USP's

- Great and qualitative finishing from mineral stone
- Frame around the fire made of glass with metal holders
- Complete set - includes the Cassette 250, easy to use, only needs power and water
- Log set available as accessory
