

Visage 50 | 60 | 74

Built in

Designed to impress, the Dimplex Visage is a next-generation screen fireplace that delivers a highly realistic and fully customisable fire experience, bringing atmosphere and warmth into any interior. Available in 50", 60" and 74", and configurable as a one-, two- or three-sided installation, it adapts effortlessly to a wide range of interior styles and layouts, making it ideal for both residential and commercial spaces. Visage combines design flexibility with advanced technology, offering three distinct flame effects—gas, wood and a dedicated ember bed—each adjustable in height and colour to suit your mood. Realistic visuals are enhanced by a real log set, glowing ember bed and integrated crackling sound effects, creating an immersive and authentic fire experience. With integrated heating up to 2kW and intuitive control via remote or the Glen Dimplex Connect app, Visage delivers both comfort and convenience. Bringing together advanced flame technology, flexible design and authentic detailing, it creates a striking centrepiece for any living space.

- **Multiple flame effects** – choose between gas flames, wood flames or a glowing ember bed to create a fully tailored fire experience.
- **Flexible installation options** – available as 1, 2 or 3-sided fireplace to suit any interior design.
- **Endless flame customisation** – adjust flame height, colour and intensity to your preference.
- **Real log set and bottom lighting** – creating an authentic and immersive fireplace atmosphere.
- **Integrated crackling sound** – adds the natural sound of a real wood fire.
- **Built-in heating** – provides comfortable warmth with up to 2kW heat output.
- **Easy control options** – operate via remote control or Glen Dimplex Connect app for full convenience.

Experience Better Living

3 installation options. Can be built in as a 1, 2 or 3-sided fireplace.

Opti-V flame technology, an advanced combination of HDTV, energy efficient LED technology and a lifelike fireplace interior.

Most authentic flame image creates enchantingly beautiful flames.

The use of an LCD screen creates an energy-efficient flame image that requires no maintenance.

Comes as standard with a Real Logset.

Powerful fan-assisted heating by safe element that provides additional heating on demand.

Glen Dimplex Connect available for smartphone.

Sound effect of crackling wood fire.

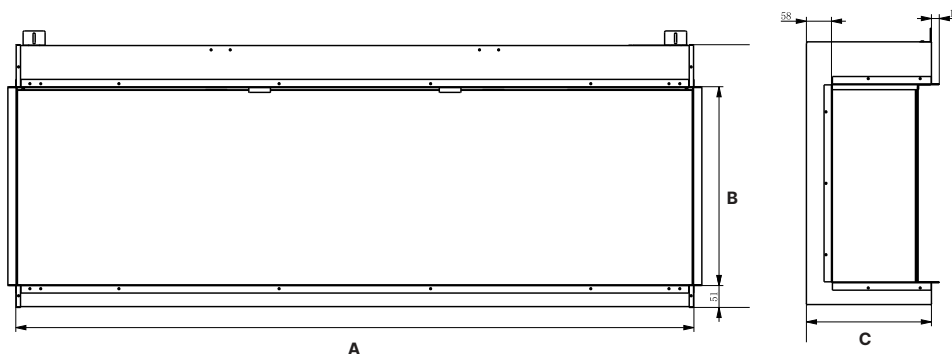

Very suitable for installation.

Note: All images of the Visage show prototypes / AI image. The final product may differ from those shown.
