

ELECTRIC HEATING

ELECTRIC TOWEL RADIATOR

TVB LONG P3

PRODUCT DESCRIPTION

The **TVB LONG P3 electric bathroom towel dryer** is a functional and modern product thanks to its design. The unit features two vertically arranged heating bars intended for drying textiles and heating the room. The radiator surface is made of polished, powder-coated carbon steel. The dryer is equipped with a power cord with a total length of 150 cm, including a 60 cm coiled section. The heating element consists of heating wires.

The **TVB LONG P3** offers **three heating temperature levels: min / mid / max**, as well as a **3-hour timer function**.

Wall-mounting brackets are included with the unit.
